It was noted that an informal fact finding meeting had been held during the previous week with the planning officer, applicant, highways consultant and members of Castle Cary Town Council and planning committee. Considerable discussion then occurred re access to Ancastle Terrace, the linking of the two sets of traffic lights, residents parking, and pedestrian safety. It was resolved to recommend approval of the traffic light proposal as outlined subject to the expression of concern with regard to the proposed relocation of the access to Ancastle Terrace - this access is a concern due to both the height variations between Ancastle Terrace and the main road, and also the tightness of the turn. | Clerk |
